Historic Bed and Breakfast Earning 4-Star Rating

Unique offerings blend history with modern activities

Molalla, OR – Former State Representative, Tootie Smith, opens Historic *Prairie House Inn* in Molalla, Or and makes it more than just a good night's sleep. Events like **Women's Weekend Getaway**; up-class **Wine Tasting** from local vineyards with overnight stays; and its own version of "**Antiques Road Show**" are only a few of the special offerings.

- 1) **Women's Weekend Getaway, March 24, 25, 26**, will host special speaker Christine Green speaking on "Nurturing Your Feminine Spirit". Massages, manicures, pedicures, specially prepared "women's dishes" plus wine will be featured at the getaway. The two-night stay includes five chef prepared meals with a distraction free weekend relaxing and recharging batteries. "Women fail to take enough time for themselves to recover from the everyday toxic life we engage in. That's not to say we don't love our families or jobs, but sometimes we need to take a little extra care for ourselves," said owner Tootie Smith. \$275 for the weekend package.
- 2) "**Antiques Road Show**" Bring your favorite antique or valuable to *Prairie House Inn* May 21 and 22 during Molalla's annual "Spring Fling" and have it appraised by a certified appraiser. Complimentary horse and carriage rides in the downtown venue area are free. During your "Road Show" visit at the Inn, indulge in a special house blend of Blue Joe Coffee, tea and fresh baked quick breads from our own kitchen. \$5 per appraisal.
- 3) **Wine tasting from East Willamette Valley Vineyards**. During the months of April and May, quests will receive samples of premium wines from a variety eight different vineyards and wineries. This event will start on Saturday afternoons with food servings and a stay that evening all for \$99.

Prairie House Inn has quickly gained a reputation for affordable excellence and service. "Upon entering the Inn, one is transformed into a turn-of-the century aristocrat with all the imaginable trimmings that go with it," said former state representative Tootie Smith, who knows the meaning of service and stewardship. "We treat people as if they were royalty and they respond in kind."

All six bedrooms boast private baths, individualized heating and air conditioning units and wireless computer hookups. The bedrooms each display a different theme unique to Oregon history. Large living room with fireplace, parlor, dining room and wrap around porches are enjoyed by the guests.

Built in 1900, *Prairie House Inn* was the first house in Molalla to acquire running water and electricity. Pony express mail delivery was stabled there for many decades. Other offerings include indoor and outdoor weddings, anniversaries, company retreats and parties. Check out our web site at www.prairiehouseinn.net.
